

Dear Member,

If you were allocated a grant through the Coronavirus Relief Fund (CVRF), you may still have funds available for reimbursement or use in claims related to COVID-19. To check your current grant status or remaining balance, contact [Colorado's Department of Local Affairs \(DOLA\)](#) directly.

The CARES Act which established the CVRF may reimburse Special Districts, Counties, and Municipalities for costs that were:

1. necessary expenditures incurred due to the COVID-19 public health emergency (COVID-19 emergency);
2. not accounted for in the budget most recently approved as of March 27, 2020 (the date of enactment of the CARES Act) for the State; and
3. incurred during the period that begins on March 1, 2020, and ends on December 31, 2021.

Increased Workers' Compensation costs due to the COVID-19 public health emergency incurred during the period listed above also qualify as an eligible expense. **This extends to first responders and critical health care workers that contracted COVID-19.**

For complete details, you can view the [Coronavirus Relief Fund program guidance](#) from the Department of the Treasury.
